TRANSCRIPT (14-27)
GERMANY'S BREAK FROM AMERICA
July 16, 2014

VOICEOVER:

The Key of David with Gerald Flurry.

GERALD FLURRY:

Greetings, everyone. Germany and America have been strong allies since the end of World War II (which the West won), but now Germany has very DRAMATICALLY broken away from America. Now, we have prophesied for all those years that this WOULD happen; it's right there in your Bible, and the Bible tells us that that was going to happen, and we've been telling America that for oh, so many years! But there is also a lot of problems going to be caused BY that to America that we don't even have an inkling about and any understanding about at all.

But I can also tell you that these events between Germany and America are really wrapped in an inspiring, wonderful message, the most wonderful message you could ever hear or ever WILL hear. It's that great and that outstanding! And I'll explain to you precisely what I mean.

Germany's breakup with the—at least the straw that broke the camel's back—was, the breakup came because of a MASSIVE spying of the U.S. on Germany. Now, the German public is enraged, the politicians are exploiting that, and almost all of the media are REALLY shocked and upset by that happening. It's really kind of a super-shocker when you think about it because it means so much to our own immediate future, and we need to think about that.

Now, as I said we've prophesied this since actually the uniting of our two countries since World War II. We've been telling you that this would happen, and I can tell you that it's a THOUSAND TIMES WORSE than what most people think it is. Much, much worse than what they think.

Let me read you an article, or an excerpt from an article from the L.A. Times July 10, and it's entitled, "The German-American Breakup." Here's what the article says: "The main problem is that President Obama has been listening all too well to Germans—spying on them from more than 150 National Security Agency sites in Germany, according to secret

NSA documents that former contractor Edward Snowden leaked to the weekly Der Spiegel.” Now, you are only able to do such spying to a friend; they wouldn’t give you access to all that if they thought you were spying on them.

But did you know that Bible prophecy says that Germany is going to become the most dangerous enemy in the near future? It is prophesied.

Let me read you more about this article from the L.A. Times: “The pervasive spying on one of America’s most valuable partners—including the snooping on German Chancellor Angela Merkel’s cell phone from a rooftop listening post at the U.S. Embassy in Berlin,“ and doing it for years, I might add, “—has enraged the German public.” They’re ENRAGED by this! It really has created a splash in Germany, but not very much in America. We don’t seem to get upset by too many things, especially when it comes to foreign policy.

But the article continues here, and I think you just need to understand that if the German people are upset about this and really stirred by it, you KNOW the politicians are going to exploit it; you know that! So here’s what the article says: “As Stephan Mayer, a spokesman for Merkel’s party, put it, ‘We must focus more strongly on our so-called allies.’” Pretty bitter comments.

“So-called? Such statements, unthinkable only a few years ago, accurately reflect a broader antipathy toward America among the German public,” now, where is it all leading? There’s also a parliamentary probe there in their government, in their version of our Congress, into this issue. What does it mean to you? What does it mean to us and our future? Well, I’ll tell you, in the short run it’s a real problem, but in the long run, it’s introducing us to the most WONDERFUL news we could ever possibly hear.

Let me quote one more paragraph here. Since World War II, it talks here about: “Instead, it had to bind itself to the West, economically and militarily.” That is, after World War II, and then the article goes on to say, “this tradition [of our unity with Germany] is coming to an end...” it’s coming to an end! They are better friends, this article says, with Russia than they are with America, if you can believe THAT! And the article concludes by saying the president “may discover that he is helping to convert it from an ally into an adversary.” Well, that’s exactly what Bible prophecy tells us is going to happen.

And The Washington Post said that some of the politicians and other leaders are upset with Angela Merkel, the chancellor, because she’s not forceful ENOUGH against the United States. Now, I think that fact is going to help bring about the strong leader that is prophesied to come on the scene in Germany very soon. So if you look, for example, at Daniel 8—there are many prophecies about this—you will see that a strong man is going to come on the scene in Europe and going to really cause and wreak a lot of havoc in the world. That is prophesied! And there are many MAJOR prophecies that show, though,

that this is all TIED, I mean, most of them show that it is TIED to the coming of the Messiah and the establishing of a new civilization, a new world government of love and harmony, and wonderful prosperity and abundance in everything.

Well, here's The Local, Germany's News in English, and they mention the same thing about the people and the news media. But here is a quote from that article, that also was—well, July 11, and here's the one paragraph I wanted to quote: “Former Defense Minister Carl Theodor zu Guttenberg,” or Baron Guttenberg, “wrote in Bild, the country's biggest selling tabloid, that Barack Obama risked raising anti-Americanism in Germany. The government's decision ‘should sound President Obama's alarm bells,’” this quoting Mr. Guttenberg. “‘He will have to change his political style of keeping his distance with a smile, [and unfortunately often without a clue],” he put there in brackets, a pretty strong criticism, “‘if he doesn't want to enter the history books as the GRAVEDIGGER of the transatlantic friendship,’ Guttenberg added.”

Now, we've said for years that we believe that Mr. Guttenberg is going to be a strong leader in Germany and will become the chancellor—we believe the very next one and there are strong indications of that, I do believe—so this even makes this statement here more interesting to us. But he is the one German who is talking about, “Well, look, the German-U.S. tradition and this relationship that we've had for so many years is about to go into the grave. It's about to be buried! It's about to die!” and he could be the ruler of Germany in a very few years, so that's not a small problem for us to think about and to consider. And we need to become familiar with what our Bible says about this situation.

Many Americans don't have a clue about how violently our allies are condemning our foreign policy because, well, we're just not interested here in America very much in foreign policy. We have other local things that we're interested in, but we'd BETTER get interested in foreign policy because, let me tell you, the rest of the world is VERY interested in it.

Let me read to you where this prophecy is, one of them, and it's an end-time prophecy in Ezekiel 23 and verse 1. Let me read this to you: “The word of the LORD came again unto me, saying, (2) Son of man, there were two women, the daughters of one mother: (3) And they committed whoredoms in Egypt,” or in the world.

Verse 4: “And the names of them were Aholah the elder, and Aholibah her sister: and they were mine, and they bare sons and daughters. Thus were their names; Samaria is Aholah, and Jerusalem Aholibah.” God says, “They are Mine.” In other words, He was MARRIED to them; they were a part of ancient Israel. Now, this is not all that complicated. It may SOUND that way, but it's just AFTER the breakup of the ten tribes of Israel, which became Samaria, with Judah, or Jerusalem, or the Jews in Jerusalem, where David's throne was at that time, and where the temple was at that time. But the OTHER sister, you see, the other one is Aholibah, the one in Jerusalem.

So God gave, in this end time, He has given the name Israel specifically to two nations—America and Britain—because they are the birthright nations and most of the prophecies are AIMED at them in this end time. You can read that in Genesis 48, Genesis 49 and verse 1—the very first book of the Bible talks about the latter days. It’s all prophecy for the latter days. Now, that’s explained in our book on The United States and Britain in Prophecy, which we will send to you if you request a copy, and it’s absolutely free. But look, these are STRANGE NAMES in a way, and people can be puzzled by that, but look, if we don’t understand these names talked about here, we can’t understand Bible prophecy. This is CLEARLY an end-time book and we’ll send you the Ezekiel booklet to PROVE that to you a thousand times over.

But notice verse 5: “And Aholah played the harlot when she was mine;” married to God, “and she doted on her lovers, on the Assyrians her neighbours,” well, who are the Assyrians?

(6) “Which were clothed with blue, captains and rulers,” really militaristic-type people.

Verse 7: “Thus she committed her whoredoms with them, with all them that were the chosen men of Assyria, and with all on whom she doted: with all their idols she defiled herself.” So here you see these two sisters have become LOVERS with the Assyrians. Well, now, who are they? Well, the Assyrians—we have proven for MANY years—are the Germans, and that, too, is proven in our book on The United States and Britain in Prophecy, also in our booklet, Germany and the Holy Roman Empire.

But look, if we don’t understand these names, we cannot understand Bible prophecy, so SOMEBODY has to know and understand these names so we can know what it all means! The Bible IS, after all, a coded book that God, Himself, has to de-code, and He does, and He HAS TO in this end time to His very elect. Even in President Clinton’s tenure as president, he helped Germany become the number-one power in Europe and said that they were like the U.S.’s best friend, and he received the Charlemagne prize as a result of those labors of love, the way HE would view it anyhow, and that’s one of the most prestigious prizes you can receive in Germany.

Verse 11, though: “And when her sister Aholibah saw this, she was MORE corrupt,” that is, Jerusalem and the Jews, “in her inordinate love than she,” now you see, again, you can see there’s a Judah and there’s an Israel, and HERE Judah is not even a PART of Israel, although technically it IS, but God makes a distinction between the tribes of Israel and the Jews or Judah, Biblical Judah, because they had this separation, and it has to be clarified in this way. But this Aholibah, or Jerusalem, had an INORDINATE love, even WORSE than what Aholah had.

Verse 12: “She doted upon the Assyrians her neighbours,” most of that yet to come,

“captains and rulers clothed most gorgeously,” in other words they’re a MILITARY power, and that’s what Germany has been in World War I and World War II, and they started BOTH of those wars, and they’re gaining that military again today, attaining that same kind of power. And here is Israel, two tribes of Israel, and the tribe of Judea just DOTING on their lovers, and it’s ALL about the relationship of America and Britain and Jerusalem with Germany; that’s what it’s talking about. It’s an inordinate love!

Now, anybody that knows anything about the history of the Jews knows that God, Himself, established that nation for them in 1948 and sustained it for many years and still does, but they’re getting to have deeper and deeper problems all the time, as you can easily see. So God is upset about this.

And then verse 16 and 17 talks about Chaldea and the Babylonians, and they’re in a bed of love with these two sisters, and that’s the Holy Roman Empire—also proved in our material that I just mentioned—and it ends by saying you’re alienated from them. Well, I guess so. We’ve had two world wars with them, that is Britain and America has fought two world wars against them, and the Jews were some of the greatest victims in World War II. So I would say that we’re alienated from them in that sense. When you get down to the core of things, we are ALIENATED from them. They think DIFFERENTLY than the way we do in foreign policy and a lot of other things, and God says about this Babylonian system in Revelation 18, we should COME OUT OF HER. Come out of her!

And when the U.S. and Britain fought Germany in World War II, that we were fighting the Holy Roman Empire and not many people know that, but that’s exactly what it was, and you need to prove that from these booklets I’ve just mentioned to you.

And here’s what we’re to do. Notice verse 36 of Ezekiel 23: “The LORD said moreover unto me; Son of man, wilt thou judge Aholah and Aholibah? yea, declare unto them their abominations;” now here is God’s very elect COMMANDED to DECLARE the sins to these two ladies, which well, is Aholah and Aholibah. Some of God’s people do that in this end time and they know all about that history and all about that prophecy and they are DECLARING it to them, all this about their abominable sins! God IS concerned about our sins in this end time.

But all of this is going to END with the most wonderful civilization on this Earth that you could ever even dream of. But there’s going to be some suffering first if we don’t wake up! And we need to see what God is saying about that.

Now, look, I know when I mention something like this and say, well, OK, I’m talking about Aholah and Aholibah, is that religious? Do you hear anything like that in religion today? Well, it IS religious because it’s Biblical! It’s right here in Ezekiel, which is an end-time book, an end-time prophecy for those two sisters, frankly. It’s aimed specifically at them, which happens to be three nations.

But God says this is what is going to be happening in the last end, and there's going to be a little group of people here talking to the world about Aholah and Aholibah, of all things, and who's going to understand that unless they're willing to really get into their Bible and understand what God says in Bible prophecy, which, well, happens to be one-third of your Bible. But people don't act like they're concerned.

Well, Germany's break with America goes much deeper than the NSA scandal, but I'll just paraphrase some information here from Deutsche Welle. Now, Deutsche Welle is broadcasting on radio and TV, and then they have a web site, but it IS Germany's international network, their global reach with their official message, let's say. It's like the BBC of Britain. It goes all over the world! And they're saying some very strong things against America in that network. I'll just give you a few quotes from one article from this web site and it's about the failure of the U.S. Middle East policy, and again, these articles like this are quite common. Here it talks about: "The U.S. has abdicated its responsibility as an umbrella of security and of dialog," this is an article about our foreign policy in the Middle East here. "Hassan Maninama, a Senior Fellow and Mideast expert at the Germany Marshal Fund, told DW 'U.S. policies in the region have been nothing short of disastrous,' she said." DW being Deutsche Welle. And he said that they're just disastrous. Now, that's what they're saying about us, about America, and they talk about how we've left a huge vacuum there, and what they DON'T tell you is they're FILLING that vacuum and going to become a superpower. We've said for over 50 years that it's probably going to be more powerful than America AND Russia—either one, either one of those two.

But here's how they concluded by quoting this man, a man by the name of Hansen from the National Review. It says: "It is fair to say that America has somehow managed to alienate friends, embolden enemies, and multiply radical Islamic terrorists,' Hansen writes." See, this is a global message, and some of the things that they're saying about US. They're broadcasting it around the world! And it IS important to them, and there are some frightening things going on.

Let's look at Daniel 7 and verse 7; I want to get into this tremendous hope that God has for us. Verse 7 talks about this dreadful and terrible Roman Empire and this last beast of those four beasts talked about in Daniel 2, and this one has ten horns or ten resurrections of the Holy Roman Empire. Notice what the ending is going to be. Well, the last seven are called the Holy Roman Empire, and I'll have to cut this short, but I want to read to you a couple of the Scriptures that are so inspiring about this new civilization that's coming.

Verse 10 of this chapter reads this: "A fiery stream issued and came forth from before him: thousand thousands ministered unto him, and ten thousand times ten thousand stood before him: the judgment was set, and the books were opened." So this is all about a new civilization that's coming. A lot more than just the U.S. spying on Germany, a lot more

than that.

But notice verse 17 and 18: “These great beasts, which are four, are four kings, which shall arise out of the earth. (18) But the saints of the most High shall take the kingdom, and possess the kingdom for ever, even for ever and ever.” Now, this is what God says about our future and about the saints, those that get behind God’s message before the Second Coming of Jesus Christ and DECLARE this message to Aholah and Aholibah and many others.

Verse 22: “Until the Ancient of days came, and judgment was given to the saints of the most High; and the time came that the saints possessed the kingdom.” People that helped support this message today are going to help Jesus Christ as His Bride rule over that new civilization, and it’s almost here! Do we need new rulers in this world? Well, ANYBODY can see that! We do! And God is training new rulers right now to prepare for this marvelous future.

In Daniel 2 and verse 44 it says: “And in the days of these kings shall the God of heaven set up a kingdom, which shall NEVER be destroyed,” this is the CONCLUSION to the rise of Germany and Russia and all that’s about to happen in a super-clash between those nations and many others, “and the kingdom shall not be left to other people, but it shall break in pieces and consume all these kingdoms, and it shall stand for ever.”

Now, this is what comes after the BAD news. This is the most EVIL WORLD you could ever see. I mean we just get more and more evil and violent all the time. But here is the IMMEDIATE CONCLUSION following all these issues that I’ve been talking to you about in this program.

Until next week, this is Gerald Flurry, goodbye,, friends.
